

Celyad Oncology Announces Research Facility Divestiture

Mont-Saint-Guibert, Belgium; September 29, 2025, 6:30 pm CET; regulated information / inside information - Celyad Oncology (Euronext: CYAD) (the "Company"), today announces the divestment of the Company's research facility.

Under the terms of an asset purchase agreement, the Company shall sell its research facility's equipment and office furniture in Mont-Saint-Guibert, Belgium, for a total consideration of €3 million. The transaction is subject to a number of customary conditions precedent and is anticipated to close in the fourth quarter of this year.

Management currently anticipates that this transaction will extend the cash runway of the Company by approximatively three quarters, i.e. into Q3-2026.

Celyad Oncology Forward-Looking Statement

This release may contain forward-looking statements, including, without limitation, statements regarding beliefs about and expectations for the Company's strategic business model, including associated potential benefits, transactions and partnerships, statements regarding the potential value of the Company's IP, statements regarding the Company's financial statements and cash runway, statements regarding the Company's future fundraising plans, statements regarding the Company's hiring plans, and statements regarding the continuation of the Company's existence. The words "will," "potential," "continue," "target," "project," "should" and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Any forward-looking statements in this release are based on management's current expectations and beliefs and are subject to a number of known and unknown risks, uncertainties and important factors which might cause actual events, results, financial condition, performance or achievements of Celyad Oncology to differ materially from those expressed or implied by such forward-looking statements. Such risks and uncertainties include, without limitation, risks related to the material uncertainty about the Company's ability to continue as a going concern; the Company's ability to realize the expected benefits of its updated strategic business model; the Company's ability to develop its IP assets and enter into partnerships with outside parties; the Company's ability to enforce its patents and other IP rights; the possibility that the Company may infringe on the patents or IP rights of others and be required to defend against patent or other IP rights suits; the possibility that the Company may not successfully defend itself against claims of patent infringement or other IP rights suits, which could result in substantial claims for damages against the Company; the possibility that the Company may become involved in lawsuits to protect or enforce its patents, which could be expensive, time-consuming, and unsuccessful; the Company's ability to protect its IP rights throughout the world; the potential for patents held by the Company to be found invalid or unenforceable; and other risks identified in the latest Annual Report and subsequent filings and reports by Celyad Oncology. These forward-looking statements speak only as of the date of publication of this document and Celyad Oncology's actual results may differ materially from those expressed or implied by these forward-looking statements. Celyad Oncology expressly disclaims any obligation to update any such forward-looking statements in this document to reflect any change in its expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based, unless required by law or regulation.
