

## ENGIE sets new hybrid bond record with the lowest coupon ever achieved by a Corporate”

« Yesterday, ENGIE took advantage of the attractive market conditions to place its first Green Hybrid Bond (Deeply Subordinated Perpetual Bond) of an amount of 1 billion of euros, with a coupon of 1.375% and a Non-Call period of 5.25 years. The bond is intended to replace the € 600M 3.875% Non-Call2018 and the GBP 300M 4.625% Non-Call2019. »
