

Benoît van den Hove appointed as Head of Listing of Euronext Brussels

Euronext is pleased to welcome Benoît van den Hove as the new Head of Listing for the Belgian market as from 16 July 2018. He will replace Alain Baetens who took up the role of head of large caps at Euronext Paris.

Through his thorough knowledge of the capital markets, his network and expertise in legal and regulatory topics, he will be in an ideal position to guide Belgian and international companies seeking financing on the Euronext markets, to advise and defend the interests of the more than 150 domestic and foreign companies listed in Brussels and to further promote the stock exchange as growth and brand awareness driver.

Before joining Euronext, Benoît spent most of his career at ING where he held several positions and became Head Legal Financial Markets in 2016. Together with his team, he advised clients seeking to raise funding on the capital markets and to hedge their market risks.

Benoît has a Law Degree (KU Leuven), a Master in Finance (ISC Saint Louis) and an International Executive MBA (Louvain School of Management).
